Education

Jamia Millia Islamia (C.G.P.A - 8.6)   **Sep. 2019 – May 2023**
B.Tech in Mechanical Engineering   *Delhi*
Patna Muslim High School +2 (Percentage - 85.4)   **May. 2017 – April 2019**
Senior Secondary School   *Bihar*

Experience

10xOkr   **June 2023 – December 2023**
Software Engineer 1   *Bengaluru, Karnataka*
- Successfully built products from initial development to enterprise-ready status while focusing on rendering optimization.
- Designed and executed a comprehensive Demo OKR framework, showcasing all product functionalities to enhance user understanding and drive product adoption, resulting in a **40% increase in user engagement** and a **25% decrease in user onboarding time**.
- Develop and Modify several **API** such as **Role-Based Access, Filter Goals**, and **Check-in History**
- Major **Bug Fixes** in both UI and Backend , which significantly enhance the product's stability , user experience and overall performance.

10xOkr   **January 2023 – May 2023**
Front End Developer Intern   *Bengaluru, Karnataka*
- Implementing an iterative process for UI enhancements, actively seeking to **improve the user interface by 40%** through continuous feedback and adjustments.
- Implemented and streamlined a performance review system, **reducing review cycle time by 50%** and improving **employee satisfaction by 25%**.
- Seamlessly integrated the frontend with APIs, significantly amplifying the platform's functionality.

UrDoer (formerly TutorPoint)   **September 2022 – Present**
Freelancer
- Completed **200+** projects in **Web Development, Database Management, Wordpress**, and solved complex **DSA** problems.
- Maintained a strong **4.3** out of 5 rating, reflecting consistent project excellence and client satisfaction.
- Proven ability to adapt to diverse project environments and consistently meet or exceed client expectations.

Projects

Social Media Website (Ongoing): Link
- Developed a dynamic social media platform using ReactJS, Node.js, Express.js, Tailwind, MongoDB, Socket.io.
- Seamlessly integrated **Cloudinary for streamlined storage** and optimization of multimedia content.
- Implemented a robust security infrastructure, leveraging **JWT for secure user authentication**, **authorization**, and **token-based session management**, ensuring data confidentiality and integrity.
- Integrated **real-time chat** functionality using **Socket.io** to facilitate instant communication among users.

Travel Trip Booking
- Developed and maintained the Admin Module and Customer Module utilizing React, Nodejs, ExpressJs, MongoDB, and Material UI for efficient Trip Booking.
- Ensured enhanced **security** and accountability by implementing user authentication processes for both Admin and customers.
- Integrated the **Google Maps API** seamlessly to compute real-time distances between the starting and destination locations, thereby elevating the accuracy of trip-related information.

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Database Management

Technical Skills

Languages: C/C++, HTML/CSS, JavaScript, SQL

Technologies/Frameworks: ReactJs, NodeJs, ExpressJs, Redux, MongoDB, MySQL, Tailwind, API, Wix, WordPress

Tools: Git/Github, Visual Studio/Code, MySQL

Coding Profile

Solved **200+ questions** including **Leetcode**, **GeeksforGeeks** and **CodeForces**.
Profile links: **LeetCode**, **GeeksforGeeks** and **Codeforces**.
